

### Your au pair year in the USA

Just imagine: a place to call "home" in the United States; free flight, room and board; a stipend and paid vacation time. You will receive all of this for your involvement as an au pair! By becoming a family member, you will be able to settle into the American everyday way of life. In one year's time you will develop the skills to integrate into a culture different from your own; you will gain the self-confidence necessary to face new challenges. Full of pride you will reflect on your au pair year and say, "I did it!"

### Your American host family

Celebrate Independence Day, Halloween, Thanksgiving and other traditional American holidays next year, together with your American host family. As a member of an American host family you will play an active role in activities such as cheering on your host child during his baseball game or going out to the movies and for a nice meal with your entire host family.

Our families usually live in suburbs on the West and East Coast, the south of the USA and around the Great Lakes. We have a wide variety of host families in regard to family status, number of children, ethnic and religious background. The majority of our host families are working parents with 2-3 children between the ages of 3 months and 10 years.

You can be certain that there is a family looking forward to welcoming you as an au pair and that they will be happy to share their very own "American way of Life" with you.

### How can I become an au pair?

It is very simple! Are you responsible, open-minded, flexible and love to laugh? Do you have a valid driving licence, or alternatively, experience with babies between 3 months and 24 months? Are you a non-smoker and under 27 years of age? Do you have previous childcare experience and would like to work in the USA?

**If so, then you are exactly what we are looking for! To get started, fill out our pre-application form now on [www.aupaircare.eu](http://www.aupaircare.eu)**
